ABOUT ME

Computer Science Engineering student with a strong foundation in C, Python, and Java programming. Possess a good understanding of Object-Oriented Programming (OOP) principles and Data Structures & Algorithms (DSA) for writing efficient and optimized code. Familiar with frontend technologies including HTML, CSS, and JavaScript to design and develop responsive, user-friendly web applications. Quick learner with strong analytical thinking and problem-solving abilities, committed to continuously improving technical skills and staying updated with emerging technologies.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science Engineering

KCC INSTITUTE OF
TECHNOLOGY, GREATER NOIDA
2024 – 2028 (Expected)

CLASS XII (BSEB)

S.R.K.G COLLEGE SITAMARHI
Completed : 2023

Class X (CBSE)

Saraswati Vidya Mandir, Sitamarhi
Completed : 2021

TECHINICAL SKILLS

- **Programming Languages:** C, Python, Java.
- **Web Technologies:** HTML, CSS, JavaScript.
- **Tools & Platforms:** VS Code, Git (Basic), GitHub.
- **Database (Basic Knowledge):** MySQL

SOFT SKILLS

- Continuous Improvement
- Communication
- Proactive Thinking
- Adaptability
- Data-Driven Approach

PROJECT

INSTAGRAM LOGIN PAGE CLONE

- Built a responsive Instagram login page clone using HTML and CSS.
- Simple but clean project: Centered login form, Background styling, Responsive layout.

TIC TAC TOE (ZERO CROSS) GAME

- Designed and developed an interactive two-player game.
- Implemented win-condition algorithm and draw detection logic.
- Created responsive UI with dynamic game state updates.

PATENTS & INNOVATIONS

INTELLIGENT MULTI-MODEL AUTOMATED GATE ACCESS CONTROL SYSTEM

- Developed a smart automated access control system integrating multi-model authentication for enhanced security.

AN INTEGRATED ROPEWAY-BASED MOBILITY SYSTEM FOR HILL REGIONS AND METHOD THEREOF

- Designed an integrated ropeway-based mobility system to enhance transportation efficiency and accessibility in hill region.

ACHIEVEMENTS & CERTIFICATIONS

- Earned multiple industry-recognized certifications in AWS Cloud, Machine Learning, Generative AI, DevOps, Security Fundamentals, and AWS CLI from AWS Training & Certification.
- Completed AI for Beginners certification from HP LIFE, gaining knowledge of AI concepts, applications, data fundamentals, and ethical considerations.
- Completed Front-End Interview Preparation and Soft Skills & Professional Development courses from GeeksforGeeks.
- Certified participation in technical hackathons and innovation-oriented events focused on software development and emerging technologies.
